

## THE PROPHECY CODE

### NIGHTLY AUDIENCE QUESTIONS AND ANSWERS

*Note: Questions given one night...answers given the following night*

**A note to site Coordinators:**

**The following questions can be used prior to the live uplink time. They are designed to create interaction between the pastor (or the meeting coordinator), with the local church audience. Remember: It's ideal to start a bonding process with them and these questions were created to do so.**

**We recommend starting 10-15 minutes prior to the live feed. Ask the audience 5 questions each meeting (the questions fit the topic presented by Pastor Doug that day).**

**Do not give them the answers at that time. Have them write down their response and bring it to the next meeting (all questions are true or false only). At the start of each meeting give the answers to the previous five questions. Then ask the next five questions and so on until the final meeting. At that meeting (March 26 evening meeting) you will need to give the questions at the beginning of the meeting and the answers at the end.**
